Treasurer's Report

Dave D. reported \$1,204.00 in the treasury as of the end of December. With projected income from memberships we are looking ok for this year.

Club News

The 2007 club roster of paid members is currently at 23. **If you plan on returning as a member for this year you need to get your dues in ASAP** so we know how many open spots we have for interested potential new members. At some point we may start accepting new members if we have unpaid open slots and you might get left out if we fill up!

New Business

The Bass Pro Shop Spring Fishing Classic is coming up the first 2 weekends in March. They have asked us to run a booth and hold the kids casting contest both weekends. We will need people to work and help with these events. Brian Belevender will be providing more details at the Feb 13 meeting.

Miscellaneous Items

Don't forget the "OCBA Bass Talk Forum" that Chip put together for us to discuss all sorts of fishing related stuff. Enter it using the icon in the upper left corner of our club's home page. Also try the Bass Fishing Talk on Chip's own web site at www.carolinachipbasstalk.com.

Get your current contact information to Dave Decker so we can get an updated club roster put together. Dave needs telephone numbers, email addresses, and mailing addresses as soon as you can get them to him.

Please keep an eye out for any unusual or interesting articles or other items for this newsletter and get them to me.
